after night comes I
don't know what in
the thunder is the
matter with my eyes
I have been wearing
my glasses all the time
and I have been bathing
them in tea but it
doesn't seem to have
any effect what ever
I am studying my
lessons now in the eve-
ning if they get any
worse I will write and
tell you. I have not
got a bit of a cold but
my eyes are a good deal
inflamed. I ^{seem to be} hav-
ing dreadful luck don't I
but I am doing my
best darling Mother
