must wonder how
we got out - but the
way of it was that
I wrote a note to Prof
Conn asking him
to let me and he
told me we could if
we made our mind
up before we went
that is if we made
up mind at time we
had to study nights
was as we first - but
what was the hardest
part of all was pay-
ing 5 to 95 in. but
I don't think your
world mind as it
was pretty instructive
I'll tell you all
about it when I come
home Easter.
