

I am so glad to say that I did pass and I will send you my marks to you and explain them to you.

Now the mark that you have to get before you pass is 275.

And now I will write down my marks.

	Monthly	Exam.	Final	
Arith.	391	<i>This is my average mark</i>	281	254
Gram.	410		301	274
Latin	346		292	228
Geog.	457		447	453.

What I mean by my monthly marks are what I get during that month, and my final that is the average marks of them
