

MSA SC 5807-21-

Letters notice this day
with the 23rd.

If you want the boys to have
a letter I can get three
one - it is a Petch and I
guess one of the kind will
be enough for you - I
thought probably they would
get the pair of Readers
from Mrs Adison Curry -
I only hope this kind of
weather will continue
that we can make some
headway - I think Stubbs
is doing ~~are~~ right - yet
I fear he will get his
romance over to New York
as I see him watching
the papers - he now has
mentioned a word to me
about it - if he is so
indiscreet it will wind
up his job sure -

I leave here this afternoon
you can not begin to know
how I have missed you -
