

possible. It is such a  
pleasure to me to know you  
have so much comfort in  
Hatched - if you are so terribly  
pressed now - why do you have  
Dudon and Emory - for you  
could get them March 1<sup>st</sup>.

I will make every effort to get  
my salary to you by the 1<sup>st</sup>  
of February - I hope you are  
all OK by this time -

You seem to be having about  
the same weather as you are  
having here - My cough has  
been right troublesome today.  
It seems to me I catch cold very  
easily in the weather - I will  
bring you and the children  
a box of gelatine lozenges -  
White Pine only seems to  
suit you - and if I were you  
would keep it on hand.
