My darling Alice.

It is now 4 P.M. and I am bound to
the train making out report on agents.
but I cannot let a Sunday go by without
writing to you - I expected a letter from
you this morning - I suppose you did not get
to the mail - the snow without snow which makes
me thankful - as I do not believe I could
have stood such a winter as we had in

This is a very gloomy day - had I not had so
much work. could not have kept but have the
flues - This day with I was with you and the
dear children - and I enjoyed every minute
of it - Stubbs is in Trenton today - expects
to be back tonight or tomorrow morning - poor fellow
I pity him - as he goes along unsteady - I only
wished he could get something that would give
him a good salary - as it takes him lots to live
indeed he does not know the value of money -
