I am expecting to go down to Long Island tomorrow if I do will send Middleton 4 bus of good potatoes from there - The way I figure I owe you on my salary \$3.38 - which I will send you as soon as I get to a town to register a letter - as I rarely seldom stay in New York late enough in the morning to get a letter registered, I was very sorry not to see Taylor & Co - about your potatoes - but Mr Conrey kept me at the office until nearly 7 o'clock - I did steal off

While he was at dinner and went to see Dr. Sizzard about my teeth - and he failed to inform me - I found he wanted me to try some stock of his new Company - which of course I could not do. he offered me every inducement - but I have no money to risk in any thing.

Yours ever loving,
Harry
