I am glad to hear my visit - had a good effect - for I had to know I can benefit some one in this world - I hope we may have some better time this summer to enjoy our leaves - for there is nothing that gives me so much pleasure as to be by your side and have you thank me - I am anxiously looking for the time in the future when we can be together see the new as we could enjoy looking at the pigs and chickens as much as a great many would enjoy the wide world - I always enjoy the children so much - as I love to see their grandpa and enjoying every time -

I have been reading the Home - Patent Publishing, it is intrinsically interesting - I hope Fletcher is improving and will soon be home I feel again - It has been as cold as winter for the past two days - but it is the rainy weather for wheat and grass - Write me when you can - I hope you will have a lovely time in Philadelphia -  
Yours ever loving  
Harry
