

I have sent some money to Jakes that I
may be repaid in his books. you
should send the book to South, when the
dividends are paid. and let me know
also we stand, we are increasing in wealth, but
I say for half way. Mr. Perry has just paid
me having lost his stock in a check of a few
at Mobile. he appears very unwell, by
his account we will find it difficult to
go to New Orleans as Semmes, indeed
I know not how we are to act for
it is inhabited by French and Americans
as well as Americans, the latter are
the minority - but more of this in
the prospect - I cannot tell you how
much I was disappointed at not meeting
Charles, but I have hopes that he will be
kept in commission and sent to
America, but he is now absolutely
out of debt and I doubt not Semmes
he can keep them on his feet and
for 200 Dollars - they may if the price
but it must be on a small scale.
