

EXECUTIVE DIVISION

WATER DEPARTMENT

CITY HALL

TO REAL ESTATE BOARD

DATE June 11th, 1921

SHEET No. 2

and we are bying it without causing criticism, he can see no reason why the purchase of the Warren property should have been criticised.

"Mr. Mitchell said that, if the terms mentioned in the agreement are the best on which we can buy the Matthews property, he thought we had better do so.

" Mr. Quick said he felt the same way about the matter

"The motion was then unanimously adopted."

Mr. Merriken and Mr. Bond of the Board of Appraisers told me that Mr. Matthews claims he has an agreement with the City whereby he is to be paid \$300.00 per acre for any additional land the City may acquire from him, evidently basing his claim on the memorandum referred to above. The reference to \$300.00 per acre applied only to that transaction and has no bearing whatever on any future acquisition of land from Mr. Matthews by the City.

By direction of the Water Engineer.

Yours very truly,

EXECUTIVE SECRETARY.

CLR/H.

Copy - Mr. Roland R. Marchant, City Solicitor.

" - Mr. J. W. Armstrong, Filtration Engineer.
