Gentlemen,

The Schooner 'Stell' being of the description of vessels much wanted for the present service of this Station I desire to be informed whether she is at the new stand with the sum of £200 the price which is asked for her, or whether she will be worth her purchase money ^{repairs} necessary to make her fit for the service. If she is not fit I must endeavor to find out another of the same description and you will have no trouble in sending me your answer.

Yours faithfully
