No. 15. 1st June 1814. Enclosing an abstract of the state and
condition of His Majesty's Ships at Halifax with a return
of the Disposition of the Force under your command
of acting appointments.

Dear Admiral Griffith
Yr. Obedt. Servt.

I have the honor to be Sir
Yr. Obedt. Servt.
Barrington 13th June 1814.

In consequence of the representation of
ill state of health contained in your letter of the 1st inst.
and your request to go to Halifax for a few weeks for
recovery thereof. You have my permission to be
absent from your duty three months for the purpose
proceeding to Halifax, leaving the command of the
stationary force, and leaving the ship in charge
your first clerk.

Mr. John Dunsen
Naval Storekeeper Barrington.

(Signed) J. Macdonald
Barrington 15th June 1814.

Having been informed that there are several
military stores had arrived with the arms intended for a
special service equal to five thousand men. Your Excellency
will oblige me much by causing the proper Officers to furnish
me with a list of all the articles that have been received
for that service, as I find that it will be impossible to
carry on the arms of Government without being furnished
with the articles named for troops when taking the field.
The munitions alone will require ten to fifteen thousand
men.

His Excellency
Major General Havelock
Yr. Obedt. Servt.

I have the honor to be Sir
Yr. Obedt. Servt.
