Bermuda 8th April 1815

Sir,

Having considered your Application
for leave of Absence to return to England on your
private Affairs and for the re-establishment of your
health, and that conceiving under the present
reduced state of the Squadron your services
may be spared from the Hospital Establishment
for a period not exceeding three months,

I acquaint you that you have my
leave to be absent from the Hospital for that
period and to return to England; your leave to
commence from the date of your quitting
these Islands, and you will report yourself
to the Transport Board upon your arrival in
England

Sir,

I send you herewith a Copy of a Letter
addressed by the Victualling Board to Admiral Sir
John B. Warren on the 12 February 1813 respecting
the disposal of such Provisions as might remain
in consequence of any unexpected diminution of
the Force, over and above what would be required
for the use of the numerous Ships intended to be
left upon the Stations — as I conceive from the
enclosed Letter that it is the intention of His
Majesty's Government to take upon itself

Sir Paul
