Mr. William Cummings I am &c
Sergeon General Island. 1st
J. B. - W. A. D.

N^o 46. Albion in the Chesapeake
the 24th September 1814.

Sir,

On my arrival here I learnt
from the Captain of the Cubus that he
was without other orders than a Verbal
one from you to accompany the Evyalus
and Prizes to Halifax and as he assured
me you had determined in consequence
of the report made to you by the
Carpenter of the Linnant on the injuries
sustained by the Cubus in the Potomac,
that she should go to Halifax, for the
purpose of making good her defects, I have
judged it right to give the necessary
Order for her still proceeding further
