

Navy Yard Wash. 16 Sept^r 1813 50

Sir

We have of the English powder, lately received
from Philadelphia, unproved . . . 26 Barrels
of ditto in the Gun Store, filled in cylinders - 34 d.
of Grayson & Co. proved, in part only by them . 79 d.
of Doct Ewell, not yet proved, upward of 400 d.
Beside the quantity delivered for the Adams, of which,
that in cylinders filled for the 24th Cannonades, may
be refracted in barrels, as well as that in cylinders in
the store.

Samples are taken of Ewell's last deliveries, as
above enumerated, and shall be proved this morn-
ing weather admitting.

Grayson & Co. have I presume full 500 barrels unproved,
the quality of which I have little doubt - but shall be
proved as soon as the weather admits.

All which is respectfully submitted.

I have the honor to be
very respectfully
