Navy Yard Wash: 12th Oct. 1813

Sir

I enclose Extracts from a letter of Capt. Gordon's
to me, which I conceive it incumbent on me to sub-
mit to you - particularly as the information asked of
me, will require your approbation - should it be ne-
cessary to have sails made for the Constellation, which
however I conceive cannot be.

I have the honor to be
very respectfully

Sir
Your Obedt Servt
J. W. Tingley

Hon^{ble} W. Jones.
