Honble William Jones

Sept 5 - 1814

Sir This moment 3 P.M. Col Carbery
has sent me the inclosed Note, I forward it to you
with my answer, I feel confident that the Col's
conduct in going, does not proceed from Patriotic
motives, his conversation respecting the Flotilla
to every individual in these parts leads me to
believe he would willingly see it sacrificed, My
duty compels me to impart my Ideas to you &
to give you this information Immediately.

I am Sir with Respect

your Obedient Servant
