Should the Directors will agree
I will to promote the means for destroy
my enemy. Ross's paper and that I am
of it to be used for organizing
a system of subordination & attack
there is every reason to believe that
success will be such as will give
me and the nation the highest
satisfaction and open the way
to events of the utmost importance
It is impossible for an individual
this private opinion to make
engineers and keep men in pay
every improvements in war
into
