Mr. P. Cutter Peapack Pleasant
July the 17th 1813

32.

Sir,

Having got information of the
enemy being as high as Boxboro
in the 10th and the wind being di-
rectly down the River I thought
it most prudent to come to off.
Dumfries, and proceed down in
the small boat which I accom-
pany did, but not finding them
where reported to be, I made
the best of my way down to the
narrows where I had a full view
of them. There are three of the
brig and two schooners.
