H. P. Cutler Surgeon of Fort Warburton
August the 19th 1873

1/2.

Sir,

Last night had boarded, and de-
tained, a small Schooner on board of
which there are Ninety eight Barrels of
Whisky - I herewith send you a letter
from Mr. Newton Kene, who I presume
is the owner, and dropped to the Comman-
ding Officer of the above fort.

She had no papers on board when taken.

I am much in want of a Surgeon or
Surgeon's Mate. Mr. Benson Comm^d of
one of the Boats is much indisposed
and two of the men belonging to the
Flotilla are quite unwell -

I have the honor to be Sir,

With great respect

Your Obedt Servant

Honorable Wm Jones
