Sir,

Colonel Wadsworth having represented in an unfavorable light the military conduct of Captain Miller while commanding a detachment of the marine Corps on the late expedition to St Leonards Creek; a court of enquiry has been ordered to investigate the conduct of Cap^t Miller, who has required that yourself and sailing Master Gohagen attend the said court at the marine Barracks in this city as witnesses. —

You will therefore without delay attend the said court and order the attendance of Mr. Gohagen, unless the circumstances of your command shall be so imperative as to render your absence improper. —
