Navy Yard Wash: 14th March 1813

Sir Conformably with your instructions through
Mr. Homans; I have the honor to state that the only
Powder we now have in the Magazine is - viz:

Two barrels	Cannon powder	{ From Doct. Ewells Mill & considered as proof by our first experiments
Five d.	Priming d.	
Seven quart casks	D. d.	

Two barrels	Cannon powder	{ Recd from the condemned gunboat M. 140. And pre- sented of Baltimore Manuf.
Twelve quart casks	D. D.	

There are also about 70 barrels of Doct. Ewells powder,
considered to weak - and therefore not receipted for, but
is to be re-delivered to him.

I avail myself of this opportunity to state that, I have
information from Mr. In: E. Dorsey, that he is now deliver-
ing 18 lb round shot - and has also ready 24 lb ditto - which
Capt. Gordon says, he has no instructions to inspect
and receive - respectfully requesting instructions may
be sent to him.

I have the honor to be
very respectfully
Sir your Obedt Servt

Hon. W. Jones.
