Bamberg - RADM Hope.

to Rear Admiral Hope.

Darning Street
Oct 21 1814

My Dear Sir,

It is not improbable that before the 40th Regt^t & the York Chasseurs reach the West Indies, means will have been found for the conveyance of the 2^d West Indian Regt^t from Barbadoes to Jamaica, and consequently that the Transports which carry out the York Chasseurs will be disposable. Lord Bathurst wishes that if this should be the case, the Transports may be sent down empty to Jamaica & be held there at Sir Alexander Cochrane's disposal for any service upon which he may want to use them. Will you be so good as to give Instructions to this Effect to the several Naval Commanders.

Yours very truly

H. E. Bamberg
