Richmond 8th May 1837

Dear Sir

Perceiving an advertisement of a large quantity of old muskets at our State armory to be made on Wednesday 17th inst. it occurred to me that perhaps your society might want some to equip colonists at Cape Palmas.

The articles muskets are such doubtless as will not pass muster or inspection for State service, but I suppose several hundreds might be selected very good for use — much better than the trade muskets & obtained for a less price. I offer my services for the purchase if your society wants them.

I intend to send a small box of clothing for Mr Wilsons School children at Cape Palmas which you will please forward & oblige Your friend
