and of the course, which was beddnessed by A Roundall and James Murray Exgre, and the undersigned. There was rather a show attendance, in consequence probably of the weather, which was inclement, to there was notwithstanding no lack of year either on the part of speakers or andrence, in promoting the objects of my journeying. I commenced active operations, for the Society on the 4th Sust, and during my 10 days Stay, I come with, and freely Discussed the subject of my mission - summer than with nearly all the distinguished cetizens of the place, among whom your a large array of the friends of Colonyation. Receiving objections, in a very few cases, formidable, rez selling forom the want of proper information upon the subject of Colonization, I changed my original plan of an extemporaneous address, to a 25 minutes Lecture, in which perpository, and explanatory of bol. in Ma: objections to which, as I gathered them in my peregrenations, I answered, windicating the entire fracticability of the scheme; and reviewed the agriculture and commerce of the colony. I was Jollowed by Alex Randoll Egg in a masterly defence of our colonal policy, and James Muray Kigt in å førcible and eloquent manner, urged the scheme, as the only true policy to which the could resort, to take off a correspondent amount of our rapidly mereasing free coloured propulation. There make my asknowledgements to these es
