

I have not a volume of Living Age on hand; they have all been carried off to Europe by a friend from Hamburg. I send over 20 nos. more in the box with Light House lamps. Let them be half bound like all pamphlets.

I have not heard a word from Boston about the college - the office would not suit me; though I will lend all my aid to the Y. Comtee. It is a fine undertaking, & they seem in earnest. Hoping your health is better

I remain, dear Sir,

Yours Truly,

Geo. B. Russell
