

Preparatory to their action upon the subject of a deputation, they desire some information, which they have sought at my hands, but which I am unable to furnish them. I must therefore have recourse to you, and now trouble you for the purpose.

They desire to know —  
When the packet from Liberia will arrive,  
and when it will depart for Liberia —

The length of the voyage out, and what time they would have to devote to the objects of their mission before the return of the packet to this country —

The cost of the voyage out & back, per man. Would the Colonization Society pay their voyage out & back, or any part of it, and what part?

Would the Colonization Society allow them any thing, & what, for their time and expenses whilst in Liberia?

What would their expenses likely be in Liberia per month?

What season in the year is most favorable.
