

~~many~~ ^{many} hold what they ~~had~~ advanced
as so much stock redeemable by the
Maine or Parent Society at any
time. Professor Upham writes? My opinion
is that it will be best for you to keep
up a frequent correspondence with the
Committee with a view to induce
them to commence building the ship
as soon as possible. He further
expresses the wish that I would come
on in April and renew efforts
for subscriptions. Pray, my dear good
friend, throw your energies into this
Maine ^{project} and suffer not the zeal
kindled by months of earnest efforts
to expire. No one thing could be more
disastrous than the failure to build this
ship in Maine, or demand any thing.

Your friend truly
