Cabin furniture and the Regim. Bills for doing labor.
All of which I have no doubt can be done for about
\$13 he has and the Capping I think would not
vary much from \$3000 which according to their estimate
bring the whole cost of the ship to \$36,000 ready to
receive cargo. Whether a contract could be made
on as good terms now as when we see that he said
I do not know but it is my opinion that a contract
could be made with responsible parties to complete the
inter ship for this sum say \$36,000 I think we build
good ships here as any where when built by our best work
men and I think if ~~you~~ show how we can build in the
place you would get a good ship and one that you
would be pleased with. If I can do any thing for
you I shall ^{be} pleased to hear from you.

Respectfully
