 Dr. James Hall

Dear Sir

I thank you for so much attention to my unlearned salt. salaver. But what part of the year is the good time for getting salt at the Islands?

We must send out a college from Nov. 1 to 15. Can our ship get salt? Will your ship want it. Will there be enough for both?

If brought here, it will be used for refining into the very nicest of table salt; for which that salt, minus its impurities, is just as good as any. At least, they say so.

Yours, as ever,

Joseph Tracy
