My Dear Sir,

The enclosed article has been sent to us from several quarters, & Mr. Slaughter writes, in closing the cause "irreparable injury". I suppose you are better able to reply to it effectually than any one and I hope you will do it. Dr. Paine writes "What is said of Benson & the slave trade is incredible & leaves to stamp uncertainty & doubt on the other assertions - but from many complaints & facts which have come to my knowledge, I apprehend that the Agents do not make such endeavors for the comfort of the people as they ought." Yours very Dear
