My Dear Doctor II A16 48.

I am this morning greeted, not by Jon, but yours of the 17th Jon say it is one of "inquiry" — & upon examination I find that what Jon say is true! I do not mean to imply that this is an extraordinary thing, at all! but simply to "indicate" the answer. I think in my last I "indicated" that I was coming to see Jon, & wonld write to say what day & hour I should be pleased to meet your Carriage at the Relay. But that time has not yet come. I was for weeks too unwell to leave home & for the last sometime Mr. Coppinger has been absent — & I have been the only stay of the office. I am better now than I have been since the bad attack I had last of June, & I am coming to see Jon as soon as Mr. Coppinger returns from Va. where he took his family some three weeks ago. He has not indicated the time
