

today in the elements of national independence and stability - but scripta manent as an evidence of your deep interest in this country and its real progress.

There is a great work to be done in this country - but, alas! there are so few who feel that anything more is necessary in this life than large houses and fine shows.

Through my little knowledge of the Arabic language, I am trying to create an interest in the powerful tribes in our interior in civilization and Christianity. I have frequent visits from learned Imams from the distant interior - some come from curiosity to see the Americans who
