Cottland April 25th 1857.

Dear Sir

Your kind favour of the 28th Ult. was received on the 19th Inst & but for indisposition would have been sooner acknowledged. Please receive my many thanks for the interest you manifest for our dear people in Liberia. It is really a source of much gratification to me to receive so favourable an account of them. May the Lord prosper them, and may they prove a blessing to their adopted Country and an honour to the cause of Christ — I regret very much that Josephine Tyler would not consent to have her throat operated upon. I find from a letter of her Father's that she was influenced by another to take the stand she did.

With regard to the watch, which you have in your hands directed to my care. I will thank you to put into the hands of Dr J Todgenbeek who will please hand it over to Dr George Brown of Alexandria in the
