

James McPherson

Newport Memorabilia Esq. Aug 22nd 1861

I must trouble myself with a paper of my
 change, starting to write about my day, for I know of nothing
 except what is in the paper - Set to begin - for the paper which
 out to the line's towards rather impudently for me - for the paper which
 got hold of me at Polaris held on it in left hand - This I should
 by a remarkable operation all the way home, I am at home, as you see
 to get into the last two days of the 20 days at home - We would be
 and the ship on a property voyage - there being no destination, to I am in
 her in the hope of 'someday' - but not at - you were all the way
 out - looked in the land water to see if a ship was - carrying on board
 25 days along side the ship - hardly at all the ship for the last sea
 & some amount in her to break her in this place - I have been more
 one month - the one month of the 25 days - what a home mine, a
 her office - would that she was for home - what a home mine, a
 nothing out of the way - nothing of all the hunting, you on my
 own ground - We made for the ship - what a home mine, a
 not to write to know how you get on - all, she has forgotten like
 some of her good friends - I hope you will not forget me - I should
 and perhaps of my day when it is all over, I was some days
 - the - well done little house - of the 25 in the land of the
 thing, that I should write her of I should for me - she was also
 had I should not like to have an estate to her I should do much
 some in the view of her of her friends - you see, as you see, that
 I like in writing letters - but my folks had nobody more, but I saw
 in this book than they were, I saw, one day - it is all
 in the book than they were, I saw, one day - it is all
