

Baltimore Oct 15/59

Friend Arny - Your kind regards recd. -
 Of course the powder shall be taken care of
 when he comes. As to Chester, I am doing
 nothing, only that has in the Shuttle, goes
 to & fro. doubtless some more for Swindley,
 you & his Ma. in Pa. a galling I guess.
 I have no reports of the fair or of any of
 fair except the Harper Ferry one. how exposed
 include in. Shall the young Dudge in a
 day or two when I go to Frederick also return
 possibly when you come on will get
 him to see Miss. Galt -

Now, in order to get a better article I have had
 covering or covered with one from Sombory
 who wants to go to Liberia, a doctor. Then write
 him, for I have forgot his name & address. I say
 that we cannot buy from our towns, I think we
 his better not in any case; if we do over every
 body puts in a claim for powder. I don't see any thing
 going by the regular way claim to powder -

Of Mr. A. Brown know nothing probably an officer
 section appointed U.S. Consul to Liberia to get rid of him.

Shall be glad to see you in Wash. & so will
 return. I can not hardly say whether you have
 made or unmade the Society; any how you
 are pretty much all that is left of it now -
