

Baltimore August 11th 1860

E. Foreman Esq
U.S. Patent Office
Washington

Dear Sir,

The Ship *St. C.*
Stevens will arrive here about the 30th of Sept.
and with no doubt bring the box referred to.
Should it come I will forward it as you
desire. He has not had time to send it
before having to undergo the frost, and the
Ship running it and slow for only six
weeks, merely stopping in port long enough to
take in what little cargo is offered. Watts
will not be likely to send it by any other vessel.

Yrs Respectfully
James Scott
