

Dear Mr. Peirce

Next time please
 oblige us by writing for information
 if you have any and it will
 give us pleasure to give all we
 are able - I am sure we have
 I hope have for a long time
 and I hope we will not be
 able to remain - I hope!
 I should be more particular to
 be in mind the affair is
 in my eye but I know you like
 to be thought young - & I am sure
 has never lessened my respect
 for you -

The ship has 4 extra. We do not know
 how many Coppinger has The ship brought
 no passengers. she will sail Nov. 1st
 We have not heard a word about the
 Coffee Huller. Seymour is not fitted to
 go either as Cook or Steward of the Palmas
 but we will return him to Africa in
 her if desirable. I would finish your letter
 myself, but my eyes pain me too much.
