

unless we do it for them -

Phaton Roberts ~~thru~~ family number  
5 persons, wife and three children - This man  
now resides, whether his family will go or not  
is of course doubtful. I have not obtained  
circumstances particularly in reference to their  
pecuniary matters - Ten friends there that  
should be desired, the place can be supplied  
by others, so as to keep up the number, twenty  
from Sadlers Road -

The young ones are of course unincumbered  
- they can go if they wish, and Gundersons  
are anxious to emigrate -

Thus I have presented briefly  
a statement of our prospect for emigrants in  
the Eastern Shore. That you will be disappointed  
I am confident, as I have been myself. It is  
with you to say what shall be done under  
existing circumstances -

~~Should~~ circumstances justify I  
expect to leave in the morning for the neighbor-  
hood of Friendship, Anne Arundel Co. so you  
as circumstances justify you will hear from  
me again -

Respectfully  
Yours in haste  
John H. Remond
