My Dear Sir

Pursuant to the regulations governing the Hall Free School in Maryland County Rep of Liberia, I herewith forward you a copy of the teacher's report for the term beginning Jan 1890 and ending July 22<sup>nd</sup>. The report will give full details of all matters pertaining to the interest of the little school, that has accomplished much and is still doing great good in the settlement and country in general. As the report is lengthy, and contains all the necessary information relative to the condition of the school, I deem it needless to repeat its contents. I therefore simply state that the school edifice needs some repairs, and advise you of the drafts drawn during the term viz:-
