

NOTE.—In compliance with the request contained in the above Resolutions, the Author of this Address immediately prepared a copy of it, and sent it abroad, by *mail*, for publication; but the manuscript has never been heard of since he put it in the mail-bag. After waiting several months, he has again copied it, and sent it to England for publication. The above statement will account for its tardy appearance.

*Monrovia, July, 1856.*
