SATURDAY, JANUARY 18, 1913.

FOR SENATOR, BLAIR LEE.

State Senator Blair Lee, of Montgomery county, has announced his candidacy for the seat in the United States Senate made vacant by the death of Isador Rayner. Senator Lee fits every requirement of the occasion and the NEWS enthusiastically hoists his name to the flagstaff and commends him to the support of the people of Kent for the Short Term.

To us there is a certain charm in the personality of Senator Lee, accentuated by his fearless devotion to public duty. Subject, as we may, his political career to the most severe tests, Senator Lee, since the death of Governor Crothers, stands out above all others as the man of the hour. His public record for the last eight years stamps him as the leader of the progressive Democracy of the State at the present time.

From his entrance into the State Senate he began to secure, against great odds, the enactment into law of measures which then seemed to be out of joint with the times. But looking backward now we can all see that at that early date he was leading in this State a movement for the restoration of popular control, such as kindred spirits in other States were at work upon, and that he and they were then fallowing the soil and planting the seed which resulted in the glorious harvest of 1912—Democratic control of both branches of Congress and Woodrow Wilson as President.

A failure to avail ourselves of the services of such a man for the United States Senate at this particular time would seem to be a reflection upon our capacity to take care of ourselves and a demonstration of a lack of appreciation on the part of the Democratic party of the State, which we cannot believe to be possible in the present condition of the public mind.

Without ill will to any other rival candidate and with due rsspect to all elements of the party Mr. Lee stands for what we believe to be right and that in every legitimate way he will have our earnest and unqualified support in his candidacy for the United States Senate for the short term.

A MAN in New York has been ordered in court to pay a man $25 for calling him a liar. If this precedent comes into general following it will be very expensive for a certain citizen in Chestertown whom it is needless to name. There should be some way however other than with the fist or pistol to punish this reckless use of the word "liar" which has become quite common in Kent.

AN amendment to the Postoffice Appropriation bill to annull executive orders placing assistant postmasters and clerks in first-class offices and all fourth-class postmasters under the classified service, was adopted by the House, sitting as a committee of the whole. The vote was 49 to 18, all Republicans refraining from voting and many Democrats absenting themselves from the chamber. Republican leaders had quietly cautioned the members on their side to let the Democrats settle the matter among themselves.

HERE is a remarkable statement and show just what kind of men sometimes get into offices of trust. The dispatch is dated Wilmington, Jan. 6:

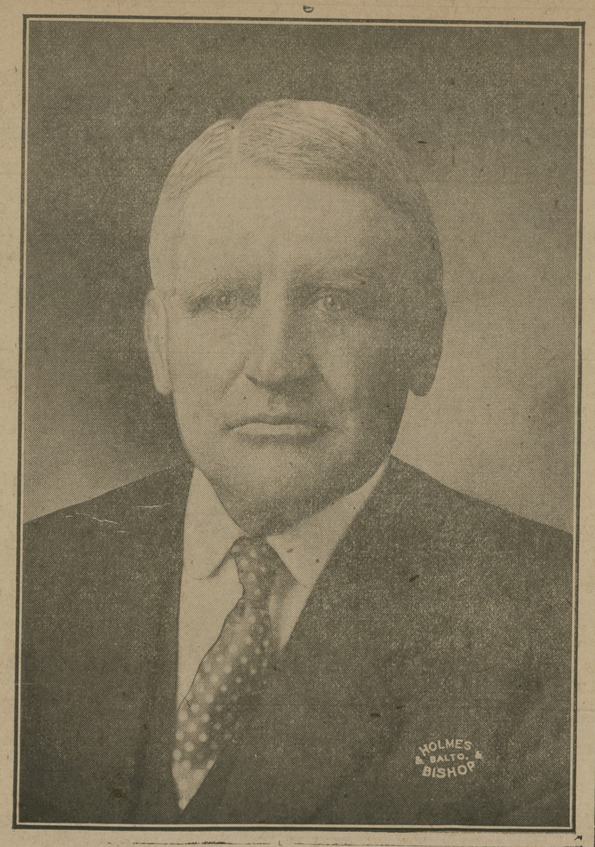

"In the Federal Court to-day Walter S. Burris, Sheriff-elect of this county, and his wife filed voluntary petitions in bankruptcy. The new Sheriff wants to go into office tomorrow without any debts hanging over him. Both petitions following adjudication having been referred to Leonard E. Wales, referee in bankruptcy. Mr. Burris' liabilities amount to $8,343.40 and assets $3,407.89. Mrs. Burris' liabilities, $2,679.12 and assets $475. Mr. Burris was a former farmer and recently has been agent for automobiles.

UNDER the ruling of the Public Service Commission, promulgated Monday night after a day spent in conference, Baltimore will have a net rate of 80 cents a thousand cubic feet for gas and a primary rate for electricity of 8½ cents a kilowatt hour.

This is a reduction of 10 cents from the present gas rates and 1½ cents reduction in electricity. The new rate will go into effect on July 1 next, the beginning of the company's fiscal year.

The new rates mean $337,000 a year on their gas bills and $165,000 a year on their bills for electricity, or a total annual saving, in round numbers, of $500,000. And this will be done without crippling the company, injuring its credit or in any way decreasing its efficiency, according to those who are well informed.

The rates for gas put Baltimore in the class with New York, Chicago and St. Louis. Some few cities have a lower rate and a great many have higher rates. For electricity, it gives Baltimore the lowest rate in the country, so far as important cities are concerned. Several have a 9-cent rate; Grand Rapids, Rochester, Syracuse have an 8-cent rate, Toledo, Los Angeles a 7-cent rate. All over a rate under 10 cents has Balti-

THE ROAD ENGINEER

EDITORS KENT NEWS:—

The Transcript refuses to allow me space to answer their abuse of Road Law and Engineer. They say on account of inaccuracies (without stating one inaccurate statement I make) but as is their custom undertake to draw the attention of the tax-payers from their own acts. I ask them again to show *one cent* they have saved the tax-payers, since they have controlled the county commissioners. Surely a law to raise the salary, the extra assessor, allowing board for prisoners about equal to what one could get board at the hotel for, and their acts all along is not helping tax-payers. As to Mr. Barroll's statement, the orders marked to my use or Isaac Gibbs, Jr., were for money we had paid to parties who had earned the money. Mr. Hicks' statement that the money was for work done since June 1912 was not true and he should have known it, as the work was done (mostly) just after the heavy rains of last Spring and had to be done then or would have cost the county much more later on. I will try later on to give a statement of amounts levied and spent in neighboring counties.

Yours,

ISAAC GIBBS.

Goes to Enlist.—Mr. Thomas Faure, a member of the Candy Kitchen firm, is enroute for his native country, Grece, to enlist under the banner of the Balkan allies in their war against Turkey. An armistice has been in progress for several weeks between the countries at war, and when it was found that all attempts at peace were hopeless, Mr. Faure resolved, like thousands of his countrymen in the United States have, to enlist as soon as possible. Mr. Faure left Chestertown on Monday afternoon for New York, where he will sail at once for the scene of action. He expects to stay about one year, if the war continues that length of time. In the meantime his two brothers will conduct the business. Messrs Faure, who conduct the Candy Kitchen, were originally from near the historic city of Athens, Greece.

WILL OF WM. P. NORRIS

The will of William Penn Norris, who died January 6th, was filed for probate Monday in the Orphans' Court. He gave his gold watch and chain to his grandson, Norris Wilson Matthews.

He left $200 to his son, John C. Norris, to be held in trust for his two grandchildren, Norris Wilson Matthews and John Cecil Matthews.

He left to his wife, Annie M. Norris, his farm in the Second district of Kent county.

He gave to his son, John C. Norris, his interest in the firm of W. P. Norris & Son, including the stall in Lexington Market.

To his daughter, Lydia N. Matthews, wife of Aquilla J. Matthews, he gave all the money he had deposited in the Howard Loan and Savings Association and the Federal Hill Perpetual Building and Savings Association.

The residue of the estate is left to his wife, Annie M. Norris. He appointed his son, John C. Norris, executor to the will.

In reference to the farm herein mentioned, the report of sales mentioned in the NEWS of Sept. 1, 1890, says: "The interest of Wm. Penn Norris in the farm of 148 acres, at Lynch, was purchased by John D. Urie, Esq., for $17 per acre. This interest is *fee simple* subject to be defeated by Mr. Norris' death without leaving children." Mr. Norris left two children.
