EXPERIENCE OF MOTHERHOOD

Advice to Expe[ct]nt Mothers

The experience of Moth[er]hood one to most women and is a try[ing] tinctly an epoch in their liv[es] works dis[tinct]woman in a hundred is prep[ared] Not one derstands how to properly care[for] unself. Of course nearly every her[oine] nowadays has medical treatment at [the] times, but many approach the exp[e]rience with an organism unfitted for [the] trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, wo[men] will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

[Many] homes [are] [made] less there [would] [be] [sor]rows because [of the] fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
