NO WORK; TRIES SUICIDE.

Bradley Kerr, Son Of Captain C. R. Kerr, Makes Attempt In New York

Despondent because he was out of a berth as boatswain, Bradley Kerr, 27 yrs. old, son of Capt. Charles R. Kerr, one of the officers of the steamer Tred Avon, of the Baltimore, Chesapeake and Atlantic Railway, whose home is at Rock Hall, attempted suicide at a New York city boarding house Friday, according to a report which reached Edward F. Kerr, a a brother, who is a firemen of number 39 Engine Company, stationed at the fireboat Deluge.

The report further stated that Kerr was at Lebanon Hospital, but did not tell by what method he had attempted to take his life.

The young man was last in Baltimore about two and a half years ago, and was employed as boatswain on the yacht Commodore Bartlett, of the Baltimore Yacht Club. His brother last heard from him a month ago, when he stated in a letter that he was out of a berth and had no money. Since leaving this city he had been employed as boatswain on a number of private yachts plying the coast between the Chesapeake Bay and the Hudson river.

It was also learned here that the people at the house where the young man was stopping in New York were at Atlantic City when he made the attempt on his life. While in a semi-conscious condition at Lebanon Hospital, where he is said to have been taken after the attempt, it is reported that he gave his Baltimore address as 109 South Broadway, where he boarded five years ago, but many tenants have occupied the house since that time, and young Kerr was probably delirious when he gave the address.

His brother, Edward F. Kerr, the fireman, who lives at 2704 Orleans street made the following statement after receiving the message:

"I do not believe he is in imminent danger, or I would have received a more complete report, and I certainly hope that by the time my mother hears of it will be known to be out of all danger."

Besides his parents and Edward Kerr, his brother, Bradley Kerr has two other brothers, Charles St. C Kerr and Maurice Kerr, and three sisters, Mrs. George Lee, Mrs. Charles Porter and Miss Nannie Kerr, all of Rock Hall.

At Lebanon Hospital Friday night it was said that Kerr swallowed bichloride of Mercury tablets, but would recover. His clothes were disheleved and he had probably been hard pressed for money Although he was able to talk a little. he gave no reason for his attempted suicide.

Kerr was found about 4 o'clock Friday afternoon by two young boys who had been rowing in the Bronx river. On reaching Shore they beard groans and traced the sound to the buffalo entrance to the Bronx Park, which is located at the Southern boulevard. On finding the man writhing in agony on the ground they notified the Bronx Park Policeman.

BIG DAY IN TOWN.

Epworthians from the West Baltimore District of the Baltimore Methodist Episcopal Conference took the keys of Chestertown Friday and found ready access to the hospitality of our town folk. The steamer Dreamland brought the excursionists from Baltimore. Reaching Chestertown at 12 o'clock, they were met by a committee from the local chapter and were escorted in a body, headed by a band, which accompanied the excursionists, to the Methodist Episcopal Church, where the ladies had provided a luncheon for those who did not bring boxes at 25 cents each. There were over 300 who partook of the elegant menu.

At 2 30 o'clock the auditorium of the church was packed for the special meeting. The address of welcome on behalf of the Epworth League of Chestertown was delivered by Professor C. Norman Jefferson, and on behalf of the Sunday School, church and community generally, by Rev Dr. L. E. Barrett, pastor of the local church. Responses in the form of addresses on important Epworth League topics were made by Rev. Dr. Mellyar H. Lichliter, pastor of Grace Methodist Episcopal Church, and by Rev. Dr E. T. Watson, superintendent of West Baltimore District, Dr. Reese Murray and others.

There was a baseball gaue on Washington College campus. Baltimore and Chestertown participated. Chestertown won, Hanson Horsey in the box.

The excursion was given for the benefit of the Aged Woman's Home in Baltimore and was a most enjoyable affair. The excursion left at 4 o'clock for a delightful trip across the Bay to Baltimore.

IMPROVED ORDER RED MEN.

An Improved Order Red Men, Tribe No. 172, was initiated in Chestertown Saturday, Sept. 6th, by Olin B. Stafford in Firemen's Hall. A beautiful street parade took place about 8 o'clock. The Degree work was conducted by a Baltimore Degree team under the supervision of Great Sachem, John W. Walker, Great Chief of Records, Dr. James E. Littleton, and Harry T. Brown, Secretary and Treasurer of America. Funeral Benefit Association was well represented by Sitting Bull tribe of Rock Hall; Oseola tribe of Piney Neck and Massey tribe. Fifty-one members were admitted and about 25 signed up. All had a very good time. This Order comes third to the oldest secret order in the United States, having a membership of 10,000 in Maryland and over 600,000 in the United States. Meets every Monday night in Fraternal Hall, Chestertown. All members of Improved Order Red Men are asked to be present at that time. Takes care of sick, bury the dead and is a great help to everyone. Has an aged Red Men's and their wives home at Newark, Delaware; also takes care of their orphans.

THAT we have ample territory on the Delmarvia Peninsula for the accomodation of many thousand more farmers, particularly the small farmer, poultryman and trucker, is evident by one glance at the map of the fourteen counties. The two Virginia counties are larger than the State of Delaware. The twelve counties of Delaware and Maryland counting: New Castle, 432 square miles; Kent, (Del.), 540: Sussex, 806; Cecil, 409; Kent, (Md.), 318; Queen Anne's, 422; Caroline, 330; Talbot, 360; Dorchester, 770; Somerset, 526; Wicomico, 400; Worcester, 593. Thousands of small farms, from 7 to 40 acres, could be laid out.

Retired Georgia Planter's Advice to Kidney Sufferers

Regarding the wonderful curative merits of yonr Swamp-Root, I cannot say too much. After suffering severely for three years or more with severe pains caused by weak kidneys, I was finally induced to try Swamp Root through a testimonial I read in one of the newspapers. I was in such a condition that I was obliged to arise from my bed six or eight times every night. I purchased a fifty-cent bottle and before it was used I felt so much relief that I purchased a one-dollar bottle and by the time this was taken the old pains had left my back and I could sleep the whole night through. I am a retired planter, 70 years of age, and owing to Dr. Kilmer's Swamp-Root, I am in the best of health and feel like a boy. I am always glad to recommend Swamp-Root to those who are in need of it. Sincerely yours,

C. E. USSERY,
Bowersville, Ga.

Personally appeared before me, this 8th of September, 1909, C. E. Ussery, who subscribed the above statement and made oath that the same is true in substance and in fact.

Backing Up the Purchaser

IF we didn't have an eye to the future, and if we didn't care what you or anybody else was going to think of us, we could sell engines and other machines for much less money, but we could not put I H C quality into them. The kicks would start coming in right away, and soon there would be no market for I H C engines.

I H C engines stand for everything that is opposed to such a policy. The I H C way is to build always for the respect and good will of the American farmer, and to that end it has been successfully working for many years. The dealer who sells you an I H C engine expects on its merits to do business with you again. The purchaser of an

I H C Oil and Gas Engine

buys security and safety with it. He banks on the many years of square dealing and the reputation back of all I H C machines. He knows it is the best engine bargain because it gives him efficient service in all kinds of farm work—pumping, sawing wood, spraying, running repair shop, grindstone, cream separator, etc. He knows that I H C responsibility for it lasts as long as the engine is in service on his farm.

I H C oil and gas engines operate on gas, gasoline, naphtha, kerosene, distillate, and alcohol. Sizes range from 1 to 50-horse power. They are built vertical, horizontal, portable, stationary, skidded, air-cooled and water-cooled. I H C oil tractors range in size from 6-12 to 30-60-horse power, for plowing, threshing, etc.

Look over an I H C engine at the local dealer's. Learn from him what it will do for you, or write for catalogues to
