BIG DEMOCRATIC MEETING

A Fine Audience Hears Senator Blair Lee, Hon. Caleb C. Magruder and Mayor Preston in Chestertown.

JOHN P. AHERN PRESIDES

Firemen's Hall was well filled Saturday night by an audience of representative citizens including a number of ladies. Pictures of President Wilson and Secretary Bryan adorned the Hall. Chestertown Band, Mr. Arthur Bacon, leader, furnished good music. Charles L. Dodd, chairman of the Democratic State Central Committee for Kent county, called the meeting to order and introduced John P. Ahern, of Millington, who acted as chairman.

Senator Lee made the opening speech. He declared that the Democratic party in the nation and in Maryland is the party of the people. He then passed to a discussion of the direct primary and its effect on the party and, through the party, on the people's government.

High Hopes In Direct Election.

Among other things, Mr. Lee said :

"I advocate the direct primary, not as a novelty or as a fad of the moment, but as a principle in which I profoundly believe. I believe it is the solution of the great problems of our day because I believe it will increase the verility and efficiency of the Democratic party so as to make it fully competent to serve the people. The direct primary has made it possible for the blood and brains of this State to make our party a powerful engine for good government because it is making it possible for the intelligent people of the State to select candidates for office who stand for definite principles and policies and who will uphold and effectuate what they stand for.

"It has been said that the direct primary promotes party strife and dissension, and that the feeling engendered is so strong that the full party vote cannot be polled at the general election. This is not so, because the voters of the Democratic party are capable of self-government, and capacity for self-government arises from the people's ability to abide by the will of the majority. We will abide by the will of the majority, you and I, Democrats who believe in the party. We will support the Democratic ticket in Kent county and in all other counties of the State. We are a party capable of self discipline and of putting the party above ourselves. We have been doing it under the direct primary system and we increasingly realize that we have been doing right."

Sees Solution Of Race Issue

Senator Lee continued by saying that the direct primary would solve the political aspects of the race question. The white people of the State, he said, would more and more turn to the Democratic party because they could use it through the direct primary, to obtain the things in government they desired.

Senator Lee criticised the Republican party and said it wrs a significant thing that they had few primary fights, which, he suggestad, was due to lack of thought and life. Turning to the tariff question he said:

"This is a splendid day for Democrats. Last night the President of the United States signed a new Tariff bill framed in the interest of justice and the masses. For many years our opponents have decided us as incapable of achievements, as incapable of constructive government, as being merely a party of obstruction and criticism. What becomes now of this charge? Woodrow Wilson, backed magnificently by a united and foward looking party, has written into law the promises we made the people, and his leadership in swinging us farther toward the goal upon which the American people have set their hearts and minds. My friends, it is a glorious Democratic day, a day glorious in the annals of a self-gsverning people, for it is a day in which the people know that the Masses have triumphed over special interest."

Will Uphold Wilson's Hand.

Senator Lee also discussed matters pending in Congress and said that he not merely asked for his election himself, but that the Wilson Administration might be strengthened in the Senate by another vote. This statement was vigorously cheered.

Mr. Magruder, who followed Senator Lee, predicted that the Montgomery countian would be the next United States Senator. He said that Senator Lee's course following his defeat for the Gubernatorial nomination entitles him to higher honors. He made a plea for regularity and declared that President Wilson, whom he termed one of the greatest Americans, was an inspiration to the Democracy:

In part, Mayor Preston said:

Mayor Preston's Speech.

"Our population being one-half of that of the State, our wealth being one-half of that of the State, our contribution to the support and maintenance of the State being more than one-half of the total income of the State, yet we are confronted by the fact that our representation in Annapolis is but one-fourth of the representation of the State and in the Senate less than one-fifth.

"Baltimore city is the most congested city in the Union, and so far as I know the most congested city in the civilized world. Our 585,000 population by the census—probably now 650,000—is cooped up in a territory of 28 square miles. Cleveland in the last census passed us in the list of large cities, and it has 46 square miles. Pittsburgh has 41 square miles and Boston has 41 square miles. The proposed borough bill, therefore, is a commercial necessity if Baltimore is to keep step with the great cities of the country, if we are to be allowed to become really a greater Baltimore, if our commerce and city growth is to continue.

"The conjestion of the inner harbor has been such that it was impossible to obtain at a reasonable price a piece of land to be used by the United States immigration authorities as a site for a detention hospital, and we were compelled to go to Congress and carve off a portion of our old historical Fort McHenry for the purpose. The time is not far distant when the growth of our shipping and the development of our foreign trade will demand the occupation of Spring Gardens and Canton Hollow. Our outer harbor in the Spring Gardens, adjacent to our great terminal in South Baltimore, owned by the Baltimore and Ohio Railroad and Western Maryland Railway, cannot be owned, controlled or developed by the city for the reason that their possession is in the hands of the Commissioners of Anne Arundel county and of Baltimore county. It is more important that this commercial shipping section be incorporated as a part of Baltimore city than the residences to the northeast and west of the city.

"This can only be done by the passage of an annexation act similar to that which we suggested to the legislature in 1912 and will again submit to the Legislature in 1914, a bill based on the borough system adopted in the city of New York and a measure holding out to the fullest degree equitable and fair treatment and self-government to the people in the proposed annexed district. It is only by their consent and through them that we can hope to have this done.

"I ask you to vote for the constitutional amendment adding paragraph 40-A to Article 3 of the Constitution, which will enable Baltimore city to promptly acquire property. This will allow us to go forward with the public improvements without having to await the results of litigation which sometimes takes years.

"We ask you to vote against the constitutional amendment increasing the salary of the State's Attorney to $5,400 and the salary of his deputy to $4000. We think this is an additional burden upon the taxpayers which is not necessary.

Wants City Stock Relieved.

"We are going to ask your representatives in the Legislature to repeal the State tax on city stock. This year the tax has just been paid and amounted to $96,000. The State does not tax the bonds and stock of many of the counties or cities of the State, and we are sure that you will agree with us that it is not fair to make the taxpayers of Baltimore city pay $100,000 a year to the State as a tax on the outstanding debt of Baltimore city.

"We are going to ask the Legislature to let Baltimore city have all of its revenue from liquor licenses. The State now gets $125,000 a year from traders' liceness in Baltimore city, none of which goes to the city, and certainly it is only fair that the city should get all of the liquor licenses fees.

"We are going to ask you for a fair representation in the Legislature.

"We are going to appeal also to your fair-mindedness and to the fair-mindedness of the Democrats of the State to give Baltimore city a fair representation in the executive and judicial branches of the State government."

George A. Frick also spoke along the lines followed by the Mayor.

The speakers' party arrived at Chestertown about 5 o'clock by State boat from baltimore. On board were Senator Blair Lee, Mayor Preston, Mr. Magruder and son, and Mr. Frick. They were met at the wharf by State Senator W. W. Beck, State's Attorney Harrison W. Vickers, County Chairman Charles L. Dodd, S. Scott Beck, F. G. Usilton, H. C. Willis, J. P. Ahern, W. H. McKee and C. B. Dudley, and taken to the hotel in automobiles. They left Chestertown the next morning for Baltimore after a delightful visit.

40 WILL PAY TAX.

Believed That This Many Will be Required to Contribute to Government Through Income Tax—Not 50 in The County Who Have Incomes of Over $3,000 Per Year—Some of the Provisions.

All hait to the new income tax ! Are you a victim ? Those who are not already are prone to figure out the measure of their neighbors' goods, and those who are likely to be called upon to help support the Government are not boasting as of yore of their bounty

In Chestertown it is estimated that a dozen persons will offer contributions to Uncle Sam's coffers in the near future, and to this number may be added 28 persons who reside within the county, but without the pale of Chestertown. This makes a total of 40 men and women who will be affected directly by this tax.

A single man is exempt from the tax if his income is $3,000 or less. If he is married and without children he is allowed an extra $1,000, making his total exemption $4,000. This will be cheering news to the wives. The Government has fixed her expense on the husband at $1,000 a year. However some may not be pleased with the limitation and may consider her companionship and help worth a great deal more.

A married couple, with children, is allowed $500 for each of the first two children, bringing the family exemption up to $5,000. But there is no further exemption for such incumbrances, or luxuries, as children, whether the number be 3 to 20. The first two are provided for at $500 each, but those that come after are seemingly made to shift for themselves under this ruling of Congress.

It is going to take a long time to get the machinery for the collection of this tax in working order. As now understood the tax is based on incomes from March to March.

In many respects the bill is peculiar. It is especially peculiar that it has appealed to public sentiment in an altogether unusual manner. Heretofore the very word "tax" has been symbolical of everything obnoxious. To-day there are thousands of Kent countians who would just dearly love—to pay the Income Tax. Those who will have to pay the Income Tax are sorry—those who will not are sorry, too.

The only worry the majority of Kent couutians have is that they will NOT be called upon to pay the tax.

THE Pomona Grange will meet at Kennedyville Nov. 13th instead of Oct. 23rd, as previously announced. The annual election of officers will be held at this meeting.

A CARD OF APPRECIATION.

We take this means of expressing our appreciation of the many evidences of sympathy and help in the great bereavement which came to us in the loss of Clarence Willis. It has helped to bear the burden.
