Women Everywhere

Praise Lydia E. Pinkham's Vegetable Compound

Women from the Atlantic to the Pacific, from all sections of this great country, no city so large, no village so small but that some woman has written words of thanks for health restored by Lydia E. Pinkham's Vegetable Compound. No woman who is suffering from the ills peculiar to her sex should rest until she has given this famous remedy a trial. Is it not reasonable to believe that what it did for these women it will do for any sick woman?

Wonderful Case of Mrs. Stephenson, on the Pacific Coast.

INDEPENDENCE, OREGON.—"I was sick with what four doctors called Nervous Prostration, was treated by them for several years, would be better for a while then back in the old way again. I had palpitation of the heart very bad, fainting spells, and was so nervous that a spoon dropping to the floor would nearly kill me, could not lift the lightest weight without making me sick; in fact was about as sick and miserable as a person could be. I saw your medicines advertised and thought I would try them, and am so thankful I did for they helped me at once. I took about a dozen bottles of Lydia E. Pinkham's Vegetable Compound and also used the Sanative Wash. Since then I have used them whenever I felt sick. Your remedies are the only doctor I employ. You are at liberty to publish this letter."—Mrs. W. STEPHENSON, Independence, Oregon.

A Grateful Atlantic Coast Woman.

HODGDON, ME.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Hodgdon, Maine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

Kent County Exhibitors Win Many Prizes at the State Exhibit—L. Harris Crewe Leads All—Local Fanciers.

With over 200 breeds on exhibition and 3375 entries the sixth annual show of the Maryland Poultry and Pigeon Association opened Wednesday morning in the Fifth Regiment Armory. Possibly not since Noah gathered his picked collection of fowl and animals within the Ark has such a superb exhibition of the domestic feathered breeds been seen, nor such a bedlam of feathered cries.

To those who have never visited one of the Maryland poultry shows you should have been in Baltimore last week. Over four thousand of America's greatest show specimens were under one roof—the Fifth Regiment Armory. While competition has always been very keen at Baltimore in all the leading varieties, it was even more so this year, especially was this true of the water fowl. It wes largely due to the Water Fowl Club of America having its annual meeting in Baltimore. This club comprises practically every breeder of ducks and geese of any note and many of those who breed only in a small way find it to their advantage to enroll their names.

Kent was well represented with a lot of grand birds, especially noticeable were those of Mr. John Moffett, whose Rhode Island Red Cockerel carried off one of the coveted prizes. Mr. Snowden Thomas had a splendid display of reds and did honor to Kent with his winning. The Maryland Water Fowl Farm, Mr. L. Harris Crewe, owner and proprietor, had eight of their best specimens and won their share of the blues and reds. Toulouse Ganier not only won first but special.

Mr. Crewe won all his prizes with birds from his own pens; he is probably the largest water-fowl raiser in Kent county. Mr. Crewe won first prize on gander, 3rd on goose; fourth on young gander; 2nd on drake, flock East India ducks; 4th on duck; second on young duck: second on young drake.

Mr. Crewe's first prize winner at Baltimore also won first prize at New York and Hagerstown, and the judge at the Madison Square Exhibition said he was the wonder of America.

To one who knows personally a large percentage of the exhibitors and their birds, it is to be regretted that in the water fowl aisle comparatively few old birds winning first prizes were home raised, but were mostly imported from abroad. In very few instances can the home raised birds compete with the imported ones, this is especially true of the larger varieties of geese and nearly all varieties of ducks.

Chestertown like most towns has its chicken fanciers and each one thinks his breed is the best and his Method the only one. An Enterprise reporter sums them up as follows:

Mr. Snowden Thomas, on the Avenue makes a specialty of Rhode Island reds, and has, probably, at this time, the largest flock in town. He is carrying about two hundred cockerels, pullets and hens together. Some of his cockerels weigh over ten pounds.

Mr. Charles Smith makes a specialty of Rhode Island reds raising them for home use entirely. He says they are satisfactory layers and setters, and that he gets a good deal of pleasure out of attending to them. He has about five or six dozen at present.

Mr. Walter Wright has a fine grade of barred plymouth rock at his farm near town and raised them according to the latest scientific methods. Like nearly every one else around here, he is cutting down his stock during the winter months.

Mr. Wm. Elliott across the river from Chestertown, is one of the largest chicken raisers in this section. He has the barred plymouth rock (montauk breed) and has won a number of prizes in poultry shows and exhibits. He carries as high as a thousand birds at times and a year or two ago had nearly two thousand.

Perhaps one of the most successful poultry raisers in Kent is Mr. Ed. Emory and sister who live on Chester river, about a mile from town. He has the largest flock around here. He makes a specialty of brown Leghorns and modern pens and up to date methods should be seen by every one interested in the business.

Mr. Thomas Bowers has a fine flock of buff orpingtons and get good results from them. Quite a number of Chestertown people have small flocks that have come from his stock.

Mr. Laurence Duyer has about a hundred barred rock which have always proved satisfactory.

Mr. Owen C. Smith makes a specialty of a large variety of barred rocks and has a flock of about six dozen birds. Mr. Smith got his stock from Indian's best birds, and for table use they can't be beaten.

Mrs. Thomas R. Topping has about as pretty a flock of birds, at her home near Radcliffe mill, as seen anywhere in these parts. She raises white bramas of the very large variety and has four or five dozen of them.

The Misses Wilkins, at the Maples, are also very successful raisers of chickens and all kinds of poultry. We had an interesting article on the raising of Turkeys by Miss Jennie Wilkins in a recent issue.

Mr. Julian Brown has a large flock of Rhode Island reds at his home near town.

Mr. P. M. Brooks raises Rhode Island reds and finds them satisfactory.

Mr. Rising has quite a flock of anconas and says he finds them the best layers of any.

Mrs. Frank Robinson has about two dozen Rhode Island reds.

Mr. H. P. Skipper raises barred plymouth rocks and has some beauties.

Mr. Harry Hodgkins has barred plymouth rocks and gets good results; he claims to be getting more eggs for the number of birds he handles than anyone in town.

FUR-FARMING IN CANADA.

One of the most sensational developments of recent times in the agricultural situation in Canada has been the rise and growth of the fox-breeding industry particularly in Prince Edward Island.

So great has become the demand for foundation stock for the production of black and silver foxes that it commands a price of from $15,000 to $20,000 a pair, although the pelts bring only $500 to $2500 each. These high prices have put the ownership of even a single pair of animals out of reach of the average farmer, and patnerships and corporations have had to be formed to carry on the business.

The success attained in the breedings of foxes has stimulated interest in the possibility of husbanding other species of fur-bearing animals. The decreasing supply of wild animals producing fur advanced prices 100 to 300 per cent, for the various kinds of skins in the years 1892.1911 over prices in the decade 1892-1891.

WEAK KIDNEYS OFTEN THE RESULT OF OVERWORK

On several occasions I have been unable to work and suffered severe pains in the back, due to my kidneys. I called on a doctor of Ripon, Wis., but received no relief.

I tried Dr. Kilmer's Swamp Root which gave me instant relief. I was then able to resume work. Swamp-Root is the only relief I can get from kidney disease which I am subject to in the spring of the year. I am writing this testimonial through my own free will that sufferers of kidney and bladder diseases will know of the wonderful merits of Swamp-Root. I recommend Dr. Kilmer's Swamp-Root whenever I can and always have a bottle of Swamp-Root in my home.

I purchased Swamp-Root of Mr. C. J. Burnside, Druggist, of 202 Main street, Ripoo, Wis.

Very truly yours
THOMAS J. LYNCH,
525 Newbury Street, Ripon, Wis.

I have read the above statement that Thomas J. Lynch bought Dr. Kilmer's Swamp-Root at my store and made oath the above statement is true in substance and fact.
