HAZEL LAW FOR QUEEN ANNE'S.

Senator Harper, of Queen Anne's, has got into the anti-shipping game. He introduced a bill for Queen Anne's county in the Senate which is similar to that of Senator Cooper, of Caroline, and to the famous Hazel act of Delaware.

The Harper bill provides that residents of Queen Anne's may only bring in a gallon of liquor a day except druggists, who may bring in five gallons and except also persons actually ill who have physicians' certificates calling for liquor, and churches.

There is a referendum attached to the bill which submits it to a vote in Queen Anne's county at the coming election.

THE next special meeting of Fairlee Grange will be held on March 18. Each member is asked to give an original verse on St. Patrick's which will be celebrated by "wearing Green," etc Sandwiches and coffee served instead of supper.

MESSRS. EDITORS:

The Chestertown Transcript continues its weekly abuses of Senator John Walter Smith for failure in having Mr. Washington Collins confirmed as postmaster at Millington, Md. Does the Transcript know why Senator Smith has not had Mr. Collins' appointment confirmed? If it does know, it ought to tell it all to its patrons and cease to feed them on everlasting insinuations.

If the Transcript does not know why the Senator does not confirm, then I think it would be very nice if it would get such information and give their patrons the benefit of it. I understand that suggestions for postmasters are made through the Congressmen in their respective district, and is later confirmed by the Senate.

Has Congressman J. Harry Covington suggested Mr. Washington Collins for postmaster at Millington, Md.? Rather, was not Mr. Collins' name presented through the influence of William L. Marbury—then a candidate for U. S. Senate.

Will the Transcript advise in the next issue? And will the same journal tell the public who has kept a Republican in the Chestertown office since August last?

The outcome of the trial of the Coleman murderers is shocking to the people of this section.

The Lenten season is being observed very closely hereabout. Not as a penance, however, but because the weatherman has our big "meat house" locked up, and it is likely to be a week yet before the house is unlocked. The ice is 8 or 10 feet thick off our shores, as a consequence it is hard and fast on the shoal bottoms and hard to move by the winds. Old Pat will be along next week If he brings his club guess he will take the strut out of the ground hog, then we will have sane weather.

Fruit trees in this section have a peculiar coating on them which is puzzling not a few of our people. Wire fencing is also coated.

At this writing, Wednesday afternoon, a snowstorm is raging in this section.
