Sick Women Made Well

Reliable evidence is abundant that women are constantly being restored to health by Lydia E. Pinkham's Vegetable Compound

The many testimonial letters that we are continually publishing in the newspapers—hundreds of them—are all genuine, true and unsolicited expressions of heartfelt gratitude for the freedom from suffering that has come to these women solely through the use of **Lydia E. Pinkham's Vegetable Compound.**

Money could not buy nor any kind of influence obtain such recommendations; you may depend upon it that any testimonial we publish is honest and true—if you have any doubt of this write to the women whose true names and addresses are always given, and learn for yourself.

Read this one from Mrs. Waters:

CAMDEN, N.J.—"I was sick for two years with nervous spells, and my kidneys were affected. I had a doctor all the time and used a galvanic battery, but nothing did me any good. I was not able to go to bed, but spent my time on a couch or in a sleeping-chair, and soon became almost a skeleton. Finally my doctor went away for his health, and my husband heard of Lydia E. Pinkham's Vegetable Compound and got me some. In two months I got relief and now I am like a new woman and am at my usual weight. I recommend your medicine to every one and so does my husband."—MRS. TILLIE WATERS, 1135 Knight St., Camden, N.J.

And this one from Mrs. Haddock:

UTICA, OKLA.—"I was weak and nervous, not able to do my work and scarcely able to be on my feet. I had backache, headache, palpitation of the heart, trouble with my bowels, and inflammation. Since taking the Lydia E. Pinkham's Vegetable Compound I am better than I have been for twenty years. I think it is a wonderful medicine and I have recommended it to others."—MRS. MARY ANN HADDOCK, Utica, Oklahoma.

Now answer this question if you can. Why should a woman continue to suffer without first giving Lydia E. Pinkham's Vegetable Compound a trial? You know that it has saved many others—why should it fail in your case?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

MOTORCYCLE RACING COST HIM HIS LIFE

Rodgers Wilkins Killed Near Ellicott City.

Racing on motorcycles along the Frederick turnpike, above Ellicott City Sunday morning, cost the life of one man and probable fatal injuries to another.

Rodger Wilkins, 27 years old, 4101 Kate avenue, Forest Park, hurled headforemost against Conroys bridge, over the Little Patapsco River and killed instantly.

The injured:—William F. McCauley, 26 years old, 3837 Roland avenue, badly cut and bruised about the face and body, and may have a fractured skull. In St. Agnes' Hospital.

The tragedy occurred almost at the beginning of what was to have been the banner run of the Maryland Motorcycle Club. The organization, 30 or more strong, was on its annual spring trip to Harper's Ferry, W. Va.

The day was ideal for a long run and the party sped through Druid Hill Park and around to the Frederick pike with light hearts, calling to each other and joking and laughing. When a short distance above Ellicott City Wilkins and McCauley, both expert riders and friends for many years, decided to let their machines out. Shouting goodby to their companions, they passed President Boyd.

Machines Collide.

Just as the racers neared Conroy's Bridge, near Pine Orchard, McCauley lost control of his machine and crashed into Wilkins, according to other members of the club. The force of the impact, because of the speed of the two high-powered machines, hurled Wilkins over the handle-bars. He traveled through the air for a distance of nearly 50 feet. Before striking the ground his head came in contact with the heavy iron girders of the bridge. When he struck the ground he was dead.

McCauley was hurled along the road for some distance and landed in a ditch. His face was crushed, and on his head was a deep gash. Physicians of St. Agnes' Hospital say, if he lives he may be blind for the rest of his life. So far there are no indications of internal injuries, but it is feared he has a fractured skull.

Both Wilkins and McCauley were considered expert riders, and participated in many races of the motorcycle clubs about the city. They were seen principally on the Electric Park track and at the Gentlemen's Driving Park. Wilkins was a charter member of the Maryland Motorcycle Club, and was one of the leading spirits in all of its movements.

Wilkins was born in Kent county, and was the son of Mr. and Mrs. Frank Wilkins. He had been in Baltimore for the past 24 years. He was a grandson of the late Col. Edward Wilkins, collector of the port of Baltimore during the administration of President Grant. His father is in the employ of the government.

Wilkins' Career.

After coming to Baltimore Wilkins attended the public schools' and later the Baltimore Polytechnic Institute, from which he was graduated with honors. Just before the big fire he became connected with the firm of Johnson, Boyd & Co., and about 10 years ago, went with the Safe Deposit and Trust Company as private secretary to vice-president John J. Nelligan. Mr. Nelligan declared that Mr. Wilkins was one of the most valuable employes of the institution.

The funeral took place Tuesday morning at 11 o'clock, services conducted at the house by Rev. D. P. Allison, rector's assistant of St. Michael's and All Angels Protestant Episcopal Church. The body was then taken to Light Street wharf and shipped to Chestertown for burial. At Chestertown services were conducted at the grave by Rev. Dr. H. B. Martin, rector of Emmanuel Protestant Episcopal Church. The pallbearers were members of the Maryland Motorcycle Club. Besides his mother and father, he is survived by three brothers, Franklin, Anderson and Frederick Wilkins. J. E. Ferguson had charge of arrangements here.

RUN OVER BY TRAIN.

James I. Coleman, Son of "Huck" Coleman, of Chestertown, Meets With Terrible Accident in New Hampshire—His Father Now In Florida.

James I. Coleman, son of Mr. and Mrs. James U. Coleman, formerly of this town, was killed while jumping on a freight train Thursday afternoon, April 30. He was engaged as a section hand on a railroad in East Westmoreland, N. H., and was killed doing his work. He was 19 years old. He slipped when he jumped and fell beneath the train, both legs being cut off. The train was stopped and he was put aboard and taken to a hospital, where he was given the best surgical attention, but it was to no avail. The deceased was well-known here and at Rock Hall, where he visited his aunt, Mrs. Millard Glenn, quite often. His remains were interred at East Westmoreland, N. H.

The NEWS received Tuesday the following account published at Keene, N. H., from Mr. James U. Coleman, in Jacksonville, Fla.:

"James I. Coleman, of Gilboa, a section hand in the employ of the Boston & Maine railroad under Foreman John Rourke, was the victim of an accident at Gilboa about 7.30 o'clock Thursday evening, falling under the wheels of a freight bound for Keene. Both legs were crushed so that they had to to amputated and he died soon after.

"Coleman who is said to be in the neighborhood of 20 years of age, was intending to come to Keene with another man, the son of Foreman Rourke. He tried to "jump" the freight for Keene at Gilboa but slipped and fell under the wheels. Both legs were run over. He was brought to this city on the freight and rushed to the Elliot City Hospital, where both legs were amputated above the knee, but he died about 10 o'clock.

"Little is known of Coleman before he reached Westmoreland, but he had made good there, being steady and working every day. He first worked in Thompson's mill but later went to work for Foreman Rourke about the first of the year. He had said that he had run away from home when young, that he had a father and brother living on a ranch in Los Angeles, Cal., and that they were well to do. After the accident he gave his father's address as Chestertown, Maryland. Agent Parkman, who had the ambulance and doctors ready on the arrival of the freight here, telegraphed to Maryland last night and today received word from there that Coleman's father is a night watchman in a cotton oil factory at Jacksonville, Florida, where Mr. Parkman is trying to reach him by wire.

"In case Coleman's father is not found or does not send for his son's body those who knew the young man at Westmoreland have asked permission to have the body turned over to them that they may bury it there, holding a suitable service."
