On Commercial Fertilizers By The Use Of

CRIMSON CLOVER

Read Farmers Bulletin No. 579 on Crimson Clover its Free - Address U. S. Dept. of Agriculture Washington, D. C.

A bushel of Crimson Clover Seed sown on four acres of ground will increase the succeeding yield of Corn or Cotton about the same amount as would a ton of complete fertilizer applied at the rate of 500 lbs. per acre. A good stand of Crimson Clover turned under will ordinarily double the yield of the crops which follow. The physical condition of the soil is also materially benefited. The Sandy Soils are increased in Humus and Nitrogen Contents. The Stiff, heavy clay soils are rendered more open and friable.

Crimson Clover makes an excellent grazing crop, hay, ensilege and pasture for all classes of live stock. Milch cows make considerably more milk, when pastured on Crimson Clover. It is also valuable as a honey plant, furnishing an abundant supply of nectar in the spring.

Crimson Clover is valuable as a Winter Cover crop. It is especially valuable in Orchards where it is generally plowed under as a green manure crop. The plants retain for the use of the trees the following season much of the plant food, which would otherwise leach out of the ground during the Winter and early Spring. A good stand of Crimson Clover not only reduces the erosion and the gullying of the fields, but on sandy fields, the blowing of the soil by the wind is greatly lessened. The Plants also serve to hold the snow to a greater extent than if the field was left bare during the Winter. More and more each year farmers are realizing the importance and great value of Crimson Clover.

Bolgiano's "Gold" Brand Standard Crimson Clover

is excepfionally fine. It has large well matured, plump, bright golden berries. If you want the best Field Seeds of any kind always insist on getting **Bolgiano's "Gold" Brand Standard Clovers and Grasses.**

BACK TO THE FARM

A Number of Kent Business Men Interested In Procuring a Colony of Bohemians for Upper Kent County.

GOOD WHEAT YIELDS.

Wheat Threshing Began In Earnest In Kent This Week.

Mr. John A. Arringdale reports that on a twenty-acre lot of wheat grown on the Kerr farm he bought of Mr. Spring, that he raised more than forty bushels of grain to the acre this season.—Easton Gazette.

Two crops of wheat have been threshed out near Centerville during the week. On the farm of George Slaughter, near Starr, the yield averaged twenty-two and one half bushels to the acre. On the farm of F. Addison Emory, in Corsica Neck, the yield averaged but fifteen bushels to the acre, but it is understood that the straw was not heavy and that there was considerable fly in his wheat.

Mr. Joseph Tharp on Mrs. Milton Melvin's farm gor 25 bushels to the acre.

Mr. George States on the Brinsfield place got 20 bushels on fallow and 26½ off stalk ground.

Mr. Harry White on Mr. Jarrell's Boyd farm in Morgnec got 26 bushels per acre.

Mr. Raymond Price, near Still Pond, got 27 bushels per acre from 36 acres and his brother got 835 bushels from 40 acres.

Schauber Bros., near Chestertown got about 1200 bushels from a little over 50 acres. They threshed their crop with a 20 horse power gasoline engine and got along fine. They are using the same engine threshing other crops in that neighborhood.

In *one* of the heads of wheat left at the NEWS office by Mr. Bartus Trew, we counted 93 grains of wheat. Who can beat this?

THE Tolchester Company have arranged a fine water trip for the M. E. Sunday School from Chestertown on Wednesday, July 22nd to Tolchester and Port Deposit, leaving Chestertown at 7 A. M., and giving one hour to see Port Deposit and six hours at the Beach.

Curiosities.—Capt. Spencer Urie caught off Tolchester on Wednesday a rock having a tin ring fastened about its head.

Mr. Geo. Roeder, of Kennedyville, picked a cluster of four June apples from his his trees this week which were perfect beauties.

MILK prices at the cooling stations have advanced to $1.30 for last month.

THE tax rate in Queen Anne's is $1.30. The Public Schools are allowed $35,000.

Real Estate Sales.—Mr. Thomas G. Wroth has purchased the building lot on High street adjoining the property of Mr. Thomas B. Elliott on one side and that of Mr. Wm. R. Maul on the other, from Mr. John H. Clendaniel, Jr., for $400.

Mr. Percy V. Hendrickson, now tenanting Mr. Walter U. Lusby's Tolchester farm, has purchased the Sparks property in Fairlee, formerly occupied by Mr. Lewin U. Skirven, and lately owned by Mrs. Lewis and will remove there January 1.

Mr. and Mrs. Fletcher Sparks have sold "Idlewhile," their beautilul country home, to Mr. Frank Walraven and will occupy their cottage in Sudlersville next year.

E. H. Beck, Real Estate Broker, has sold the farm belonging to the estate of Samuel W. Hall, located near Mt. Pleasant, containing 301 acres to George D. Crossland for $20 000.

Charles Price, of near Warwick, Md., has purchased the 170-acre farm on which he has resided for many years from Mrs. Margaret McAleer of New York State. The price paid is reported to be $10,000.

A Splendid Trip.—The picnic and excursion given on Wednesday by Christ M. P. Church and Sunday School on the steamer Annapolis was an enjoyable affair. There were 549 boarded the steamer at Chestertown and 51 at Quaker Neck, making 600 in all. There were 113 who continued to Washington while the others took in the sights at Annapolis. Gov. Goldsboro was in his office and was introduced to quite a number by Messrs. C. L. Dodd and W. A. Burke. A feature of the entertainment at Annapolis was an hour's concert on the Academy campus by the Naval Academy Band. The cruiser Prairie left at 3.30 P. M. with the fourth class cadets for Vera Cruz leaving 240 cadets who had just entered for a four year term.

The Washington visitors report a fine trip and especially interesting was the session of Congress. Senator John Walter Smith and Congressman — Judge Covington was called on by a number.

WINNING BABIES.

We find that many people entered their babies, but were unable to attend the preliminary contests at the place nearest them. If they are anxious to have the baby scored, the committee has decided that they may be entered at any of the Preliminary Contests, but under no consideration will any baby be entered at the final contest in Chestertown on July 28

The first prizes of silver cups, and the second prizes of silver spoons have been definitely decided upon, but later mention will be made of the premiums for the twins.

The health exhibit at the Fair grounds will be worth attending, and several prominent speakers will be invited to attend. This work is surely for the good of the community, and as an educational feature should be well attended. Babies are worth "conserving," if the opinions of the attending physicians and mothers are to be taken.

Kent county has some very fine babies if the samples submitted for examination are fair ones, and holding the tests in this way there were fewer cross babies, as the crowd was not hard to manage. The ladies at the various school houses worked hard to make our visit a pleasant one, everything decided on at the first meeting was carried out to the letter, and the work was done in a remarkably short time. We hope the Organization thus formed will keep on with the work so well begun, and in time Kent county will show the result of this work. Better babies are sure to make better men and women.
