PRICE ENTERS THE RACE

Makes Formal Announcement of His Candidacy For Congress.

URGED BY 2,500 VOTERS TO RUN

Salisbury, Md., July 7.—State Senator Jesse D. Price, of Wicomico county, in answer to a petition signed by more than 2,500 voters, announced tonight that he would be a candidate for the Democratic nomination for Congress to fill the unexpired term of Congressman Covington and for the full term beginning March 4, 1915.

The petition urging Senator Price to enter the lists has been in circulation for several weeks. It was presented tonight with a request that he give an immediate answer.

Mr. Price told the committee that he would become a candidate and later made the following formal announcement:

Feels It a Party Duty.

"Disregarding my personal inclination, but bowing to what appears to be a very general demand, so insistent as to become a party duty, I have determined to become a candidate to succeed the Hon. J. Harry Covington for his unexpired term in the Sixty-third Congress of the United States, according to his announced intention to resign therefrom, and also as a candidate for the Sixty-fourth Congress, beginning March 4, 1915, subject to the will and pleasure of the Democratic voters of the First district of Maryland, in the approaching Congressional primaries.

"In making this announcement I desire to make it plain that I am not a candidate of any faction of the party, but shall make my appeal to all Democrats regardless of past or present affiliation, for should I be honored with the nomination it will be my purpose to make a determined and aggressive campaign throughout the district against the common enemy which cannot be made wholly effective without a united and harmonious Democracy behind me.

"To this end I shall endeavor to make my campaign for the nomination of such a character as not to be offensive to any Democrat who may oppose me or to any of the many able and worthy Democrats of the district to whose ambition my candidacy may run counter.

Believes In Wilson's Policies.

"It is indeed an honor to represent this splendid constituency in Congress and especially so at this time, when the Democratic party, under the able leadership of our patriotic President, is endeavoring to redeem the promises upon which we were given power.

"Such a program of constructive legislation has never been proposed by any party in the history of the nation. Much of the proposed legislation already has been enacted and is being made the object of insidious attack by special interests which have been fostered by Republican policies. These interests are endeavoring to manufacture a public sentiment against these Democratic reforms. They are predicting disaster on the very eve of what promises to be a great wave of prosperity, and in the very face of an indicated era of good times. This is evidently for the purpose of enabling the Republican party to control the next Congress, and to put a stop to the efforts of President Wilson and the Democratic Congress to completely restore this Government to the people.

"No President in the history of this nation has shown more patriotic devotion to the material interest of the whole people than has President Wilson. The people believe in his wisdom and in his devotion to their interests, and they are trusting him and his party to complete this great program of people's legislation.

Hopes To Uphold President's Hands

"This cannot be done unless the Democrats control the next Congress, and in the face of unfair criticism and powerful influences we must not falter in our determination to do our part by furnishing a Democratic representative from the First Maryland district who believes in the people's rule, who believes in the people's money being used for the people's needs, who would remove all artificial obstructions from the arteries of trade, and restore the great national wealth and resources to the use of all the people, without discriminating legislation or favoritism, or who will favor only fair competition between individuals and favor only such legislation as will benefit not a part but all the people.

"This is the goal of the present Democratic administration. This is the aim and purpose of the Democratic party.

"I submit this is sufficient incentive to call for the undivided service of every Democrat at this time. I submit this is a service that any may feel honored in rendering the people of his country, and it is just such an incentive and the prospect of rendering such a service that induces me to announce myself a candidate for this honor."
